Cookie Statement of this Website

This Cookie Policy (our policy on the use of cookies) is applied on this Internet Website (hereafter the "Site"), including the web pages on third-party platforms (for example, Facebook or YouTube), and the applications that are accessed or used through this Website or third-party platforms that are conducted by or on behalf of the Data Controller **Accessori Val Vibrata S.r.l., with registered office in Via Leonardo da Vinci, 8 - 64013 Corropoli (TE), Italy - VAT Number 02018960449**, (hereinafter the "Writer").

By using the Site, you are consenting to our use of cookies in accordance with this Cookie Policy. If you do not consent to our use of cookies, you must set up your browser appropriately (see below) or do not use the Site of the Writer. If you decide to disable the cookies we use, it could affect the user's experience while browsing the Site.

The table reported below summarizes the different types of cookies that could be used on the Site of the Writer, together with their respective function and duration (i.e. how long each cookie will continue to be on your device).

What are cookies?

Cookies are files or partial data that can be saved on your computer (or other devices enabled to surf the Internet, for example smartphones or tablets) when you visit a website. Usually a cookie contains the name of the website from which the cookie itself comes from, the lifespan of the cookie (i.e. how long it will remain on your device), and a value, which is usually a randomly generated unique number.

What do we use the cookies for?

We use cookies to make the use of our Site easier and to better adapt it to your interests and needs. Cookies can also be used to help us speed up your future experiences and activities on our Site. Furthermore, we also use cookies to compile anonymous aggregate statistics that allow us to understand how people use our Site and to help us improve the framework and the contents of this Site. We are not able to identify you personally through these information.

What typology of cookie do we use?

This Site uses technical cookies with the **Purpose of Technical Management** of the operation of the Site. They are not used for further purposes. They can be divided into:

Navigation cookies: used for the technical management and guarantee the normal navigation and use of the website or through the analytics cookies allow the management

of the information in aggregate form (note well, analytics cookies are similar to the technical cookies when used directly by the Site Manager to collect information, in aggregate form, on the number of the users and how they visit the Site itself);

Functionality cookies: they allow the user to navigate according to a series of selected criteria (for example, the language) in order to improve the service provided;

"Session cookies" and "persistent cookies": once downloaded the session cookies are then deleted when the browser is closed, while the persistent cookies are stored until their expiration or cancellation. The **session cookies** used are designed to speed up the analysis of the traffic on the Internet and facilitate users the access to the services offered by the Site. They are mainly used during authentication, authorization and navigation for the services which are accessible through a registration. Most of the browsers are set up to accept cookies. The use of **session cookies is strictly limited to the transmission of session identifiers**, necessary to allow a safe and efficient exploration of the Site. These data have a technical nature, temporary validity and are not collected for the purpose of identifying users but, due to their functioning and in combination with other data held by third parties (for example, the data subject's internet provider), they could allow identification;

First-party cookies and third-party cookies: the two typologies of cookies above (session cookies and persistent cookies) in turn can be:

● "*first party cookies*" when they are managed directly by the owner and / or the manager of the website;

● "*third party cookies*" when cookies are set up and managed by managers unrelated to the website visited by the user, such as **Cookie Google Analitycs**, whose software is used to create a cookie in order to generate usage statistics. The data generated by this cookie are stored at Google Inc. For the operation of cookies in Google Analytics, please consult the official documentation provided by Google here at this link. In any case, the data contained in the aforementioned cookie analytics are related to the technical management.

The provision regarding cookies specifies that for the installation of technical cookies the prior consent of users is not required, while it firmly applies the obligation to provide information pursuant to Article 13 of Italian Legislative Decree 196/2003 (Personal Data Protection Code). Therefore, for further information regarding the processing of your Personal Data, you can consult the *Privacy Disclaimer* of this Website.

Below, it is reported a legend of the typologies of cookies which can be used:

Type of Cookie	What these cookies do?	Do these cookies collect my personal data / identify me?
Necessary	These cookies are essential for the proper functioning of our Site, allow people to browse our Site and to take advantage of its features such as storing previous actions (texts inserted) when you return to a web page during the same session.	These cookies do not identify you as individual. If you do not accept these cookies, the performance of the website, or sections thereof, may be compromised.
Performance	These cookies help us to understand how users interact with our Site by providing us information on the sections visited, the time spent on the Site, and any matter that has emerged, for example an error message. This helps us to improve the performance of our Site.	These cookies do not identify you as individual. All data is collected and aggregated anonymously.
Functionality	These cookies allow our Site to recall the choices you make (for example, your username, the language selected or the region in which you are, any products included in the shopping cart) to provide you with a more customised online experience. They can also allow users to view videos, enter games and interact with social tools such as blogs, chat rooms and forums.	The information that is collected by these cookies may include personally identifiable information that you have provided, for example your username or profile picture. We will always be transparent to you regarding to what information we collect, how we use it and who we share it with. If you do not accept these cookies, the performance and functionality of the website may be compromised and access to the contents of the Site may result limited.
Targeting and Advertising	These cookies are used to present a content that best suits you and your interests. They can be used to display targeted advertisements or to limit the number of times that you see an advertisement. Moreover, they also help us to measure the effectiveness of the advertising campaigns on our Site. We may use these cookies to recall the websites you have visited and we may share this information with third parties, including our agencies and advertisers.	The majority of cookies of this type trace consumers through their IP address and therefore may collect some personally identifiable information. For more information about these cookies, including the information they collect and how they are used, please consult the related table.

Do we use third-party cookies?

We make use of various suppliers who may also set up cookies on your device on our behalf when you visit our Site, to enable them to provide the services they are providing. If you want more information about these cookies, together with information on how to avoid receiving these cookies, please refer to the designated table.

When you visit our Site you may receive cookies from websites or third-party domains. We strive to identify these cookies before they are used in order to allow you to decide whether you wish to accept them or not. Further information regarding these cookies may be available on the website of the third party in question.

How can I check or delete the cookies?

Most of the Internet browsers are initially set up to accept cookies automatically. You can change these settings to block the cookies or to warn you that cookies are being sent to your device. There are several ways to manage cookies. Please refer to the instruction manual or the help screen of your browser to find out how to adjust or change your browser settings.

If you disable the cookies we use, this may affect your experience while you are on our Site. For example, you may not be able to visit certain sections or to receive personalised information when you visit our Site.

The links to the instructions to disable cookies on the most popular browsers are reported here below:

1. [Internet Explorer](#)
2. [Google Chrome](#)
3. [Mozilla Firefox](#)
4. [Apple Safari](#)
5. [Opera](#)
6. [Cookie Google Analytics](#)

To disable the analytical cookies and to prevent Google Analytics from collecting data on navigation, download the browser add-on to disable Google Analytics.

1. [Flash cookie](#)

The Site can use *Adobe Flash Player* to offer some multimedia content. On most computers, the software is installed as "default".

In case of use of some of this content, Google Analytics stores some additional data on your computer, also known as *Flash cookies* (or *Local Share Object*) through which the Owner is able to know the total number of times in which a certain audio / video file is opened, the number of people using it until the end and how many people close it before the end. The Adobe Website provides information on how to remove or disable the Flash cookies.

Please note that limiting and / or eliminating the use of this type of flash cookies can affect the functions available for applications based on Flash technology.

You can also visit the website, www.aboutcookies.org for information on how to manage / delete cookies according to the type of browser used.

To delete cookies from the Internet browser of your smartphone / tablet, it is necessary to refer to the user manual of the device.

If you use different devices to view and access the Internet Websites (for example, computers, smartphones, tablets, etc.), you must ensure that each browser on each device is adjusted to fulfil your cookie preferences.
